delphin-viz

What is it?
A shared library of JavaScript visualisations for DELPH-IN data structures, targeting the new RESTful JSON API.

1. Visualisations Library
   - Collection of modular JavaScript files, for off-the-shelf use
   - Currently includes: derivation tree, MRS, and DMRS
   - Additions welcome!

2. Demo
   - Showcases visualisations
   - Minimal clone of the LOGON demo
